Freedom of expression is the matrix; the indispensable condition of nearly every form of freedom

Benjamin N. Cardozo

Lowe Alpine packs are unmistakable.

They always have been; function and durability are givens. But with Matrix24 we're pushing the visual boundaries.

You might say we're blurring the line between performance and expression. Matrix24 can be anything you want it to be. That's the key and the future.

These exclusive ranges are only the beginning.
